

The following nets are where yours truly, Daryl, WX4QZ, is Net Control. This was last updated Sep. 8, 2020. Other related files are at <http://www.theweatherwonder.com/elk.htm> – you do NOT have to be a member of a certain group to check into the nets...just have an amateur radio license to operate on the modes designated. These are the main times that I will be on the air. For more information on the QuadNet Array, go to www.openquad.net (D-Star, DMR, WIRES, & Fusion).

**

Sunday: QCWA Digital Net (for more info on the QCWA, go to www.qcwa.org)
